INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Directors

Lake of the Woods Mutual Water Company, Inc.

Frazier Park, California

We have reviewed the accompanying financial statements of **Lake of the Woods Mutual Water Company, Inc.** (the Company), which comprise the balance sheets as of December 31, 2024 and 2023, the related statements of income and retained earnings, and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagements in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our reviews.

Accountant's Conclusion

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Other Matters

As discussed in Note 4 to the financial statements, the financial statements as of and for the year ended December 31, 2024 has been restated to correct a misstatement. Our conclusion is not modified with respect to this matter.

The accompanying schedules of operating expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and do not express an opinion on such information.

Note 1. Nature of Business and Significant Accounting Policies

Nature of business: Lake of the Woods Mutual Water Company, Inc. (the Company) was incorporated on June 18, 1947 for the purpose of providing water to the Lake of the Woods, California community. The Company operates under the provisions of Sec. 2705 of the California Public Utilities Code. There are approximately 637 locations, owned by approximately 401 shareholders served by the Company. The Company normally extracts its water supply from properties it owns.

A summary of the Company's significant accounting policies follows:

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash: The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash.

Accounts receivable: Accounts receivable are customer obligations due under normal trade terms. Management deems all water sales and services receivable as collectible at year-end. Accordingly, an allowance for credit losses has not been recorded. Historical experience indicates that uncollectible receivables are immaterial.

Grant receivable: Grant receivable represents the portion of grants earned but not received as of year-

Property and equipment: Land and improvements, vehicles, machinery and equipment, and construction in progress are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets ranging from 5 – 40 years. Maintenance and repairs which do not increase the useful life of the assets are charged to expense as incurred. Major renewals and betterments are capitalized. When items of property or equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in income.

Deferred revenue: Deferred revenue consists of amounts collected prior to December 31 for water supplied subsequent to that date.

Revenue recognition: The Company recognizes revenue in accordance with Accounting Standards Codification (ASC) Topic 606, Revenue from Contracts with Customers, which provides a five-step model for recognizing revenue from contracts with customers as follows: 1) identify the contract with a customer, 2) identify the performance obligations in the contract, 3) determine the transaction price, 4) allocate the transaction price to the performance obligations in the contract, and 5) recognize revenue when or as performance obligations are satisfied.

The Company's revenue is primarily derived from sales of water to the Lake of the Woods, California community. Revenue is recognized when control of the water is transferred to a customer. Control is obtained when a customer has the ability to direct the use of and obtain substantially all of the remaining benefits from that water, which is typically upon delivery. The Company's revenues are recognized at a point in-time as control is transferred pursuant to the terms of a contract with the customer.

NOTES TO FINANCIAL STATEMENTS See Independent Accountant's Review Report

The transaction price is the amount of consideration the Company expects to ultimately receive in exchange for transferring water to the customer. Revenue is recorded based on the transaction price.

Payments by customers for water may not necessarily follow the same pattern as revenue recognition and are dictated by the terms and conditions of the contracts with customers. Payments received from customers frequently include payments for water delivered subsequent to December 31 and such prepayments are shown as deferred revenue in the accompanying balance sheets.

Income taxes: Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

The Company recognizes the tax benefit from an uncertain tax position only if it is more-likely-than-not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The amount of unrecognized tax benefits is adjusted as appropriate for changes in facts and circumstances, such as significant amendments to existing tax law, new regulations or interpretations by the taxing authorities, new information obtained during a tax examination, or resolution of an examination.

Subsequent events: The Company has evaluated subsequent events through September 19, 2025, the date on which the financial statements were available to be issued. A subsequent event has been identified by management and is further discussed in Note 5.

Note 2. Pledged Assets and Long-term Debt

Long-term debt consists of the following as of December 31, 2024 and 2023:

	2024	2023
Note payable to a bank, due in monthly installments of \$654 including interest at 5.75%, due in March 2025, collateralized by a vehicle	\$ 1,902	\$ 9,406

Aggregate maturities on long-term debt of \$1,902 are due during the year ended December 31, 2025.

NOTES TO FINANCIAL STATEMENTS See Independent Accountant's Review Report

Note 3. Income Tax Matters

The provision for income taxes charged to operations for the years ended December 31, 2024 and 2023 consists of the following:

	2024	2023	
Current: Federal State	\$ 11,269 800	\$	- 2,935
	 12,069		2,935
Deferred: Federal State	 1,665 (1,094)		10,276 1,461
	 571		11,737
	\$ 12,640	\$	14,672

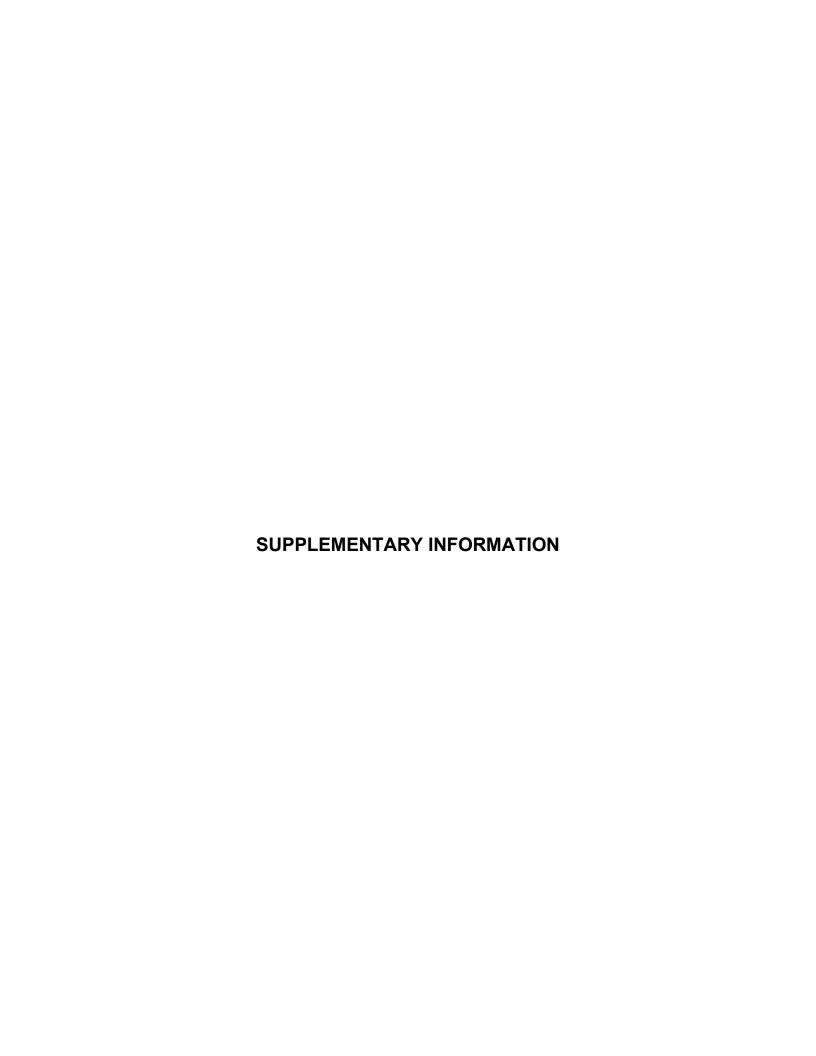

The income tax provision differs from the amount of income tax determined by applying the U.S. federal and California state income tax rates to pretax income due to grant revenue being non-taxable for federal and state income tax purposes. The deferred tax asset at December 31, 2024 and 2023, respectively, consists of \$0 and \$1,431 of net operating loss carryforwards. The deferred tax liability at December 31, 2024 and 2023, respectively, consists of \$43,137 and \$43,996 of differences in the basis for property and equipment.

Note 4. Prior Period Adjustment and Restatement

The December 31, 2024 financial statements have been restated for the correction of an error. The Company inadvertently included 85 shares of capital stock in retained earnings. The effect of correcting this error was to decrease beginning retained earnings at December 31, 2024 by \$85 and increase capital stock at December 31, 2024 by \$85. There was no effect on net income for the year ended December 31, 2024.

Note 5. Subsequent Event

On August 2, 2025, the Company closed escrow on the purchase of real property in Frazier Park, California with a purchase price of \$150,000. No financing arrangement was incurred in connection with the acquisition, as the purchase was completed using available cash resources.
